

JOURNAL OF NURSING REGULATION

Advancing Nursing Excellence For Public Protection

Call for Papers

JNR Special Issue: COVID-19

Publication Date: April 2023

Manuscript Submission Deadline: Dec. 1, 2022

Although health care workers have instituted many successful mitigation efforts, COVID-19 continues to have a profound impact on the nursing workforce, nurse educators and students, regulators, and policymakers.

The purpose of this special issue of the *Journal of Nursing Regulation* (Volume 14, Issue 1) is to examine how COVID-19 has reshaped domestic and international nursing regulation in the short term and to address what the nursing profession has learned for the future.

JNR's editors welcome original quantitative or qualitative research manuscripts, literature reviews, and other academic analyses, as well as case studies that provide innovative strategies and solutions in the context of COVID-19.

For submission guidelines, please visit journalofnursingregulation.com and review the "For Authors" section. For questions, please contact Sherri L. Ter Molen, PhD, MA, Acquisitions Editor, at jnr@ncsbn.org.
